Mr. Harrison:

On behalf of Monterey Peninsula College, the Department of Cinema/Video and the students of MPC C/V 120, I want to express our appreciation to KCCN Television and to you in particular. The tour and presentation you made to our class in December was the perfect conclusion to our semester of study in television and video. Your knowledge of the broadcasting business and willingness to donate your time to explain and demonstrate the operation of your television station and to answer our many questions, has provided these students with an insight they could gain no other way.

The comments I received from the students afterward were overwhelmingly positive. They expressed their gratitude for the opportunity to meet you, see your facility and learn about the behind-the-scenes operation of a TV station. This was a great tour!

I appreciate your offer to establish two internships at your facility for our advanced students. I will be in contact with you in this regard when we begin our intern placements.

Thank you very much.

Sincerely,

Subject: Broadcast License Renewal---KCCN (CBS) Channel 46, Monterey, Ca.

Dear Chairman Hundt:

Last Tuesday night Monterey County Deputy Sheriff Anthony Olson died in the line of duty. He was a fine person. He was a dedicated professional.

I viewed the coverage of Deputy Olson's death on KCCN (CBS) Channel 46, Monterey, Ca. during the 6 and 11 o'clock news telecasts. I was very impressed with the quality of journalism and the commitment the station displayed relative to serving the community within its signal area. I was particularly impressed with the support KCCN gave Sheriff Norman Hicks and the Monterey County Sheriff's Department. Please note the attached copy of my letter to Mr. Mark Faylor, Station Manager, KCCN (CBS) Channel 46, Monterey, Ca., dated September 26, 1996.

I understand that KCCN intends to request a renewal of its Broadcast License during the last quarter of 1998. Please place this letter and the above noted attachment in the proper file as a indication of KCCN (CBS) Channel 46's commitment to Public Service.

Sincerely,

H. L. Hoffmann

Dear Mr. Faylor

Last Tuesday night, while answering a domestic violence call in a rural section of Monterey County, Deputy Sheriff Anthony Olson's patrol vehicle plunged about 400 feet down a cliff. Deputy Olson died in the line of duty.

I want you to compliment your staff relative to the coverage given this tragedy on the 6 and 11 o'clock news telecasts.

1. LEAD POSITION-Because of the importance of this occurrence to the community, this matter was placed in the first position within the telecast.

2. EXTENT OF COVERAGE-You devoted upwards of three (3) minutes which, in the current bit/byte mode of "newscasting" these days, indicates the degree of commitment you have with respect to public service.

3. USE OF ASSETS-Your film crews interviewed Sheriff Norman G. Hicks and Lt. David Allard and took pictures of the crash scene. Your people gathered information about Deputy Olson and about the extensive training Deputy Olson received within his Department. It was costly, but it was for the public good.

The coverage was compassionate as well as objective. The various production elements were polished to a high professional standard. The tone of the entire work was positive and supportive of the efforts of our Deputies to protect and serve our citizens at the risk of their lives. You performed a true service to the public.

Sincerely,

H. L. Hoffman

Dear Mr. Barbo:

We cannot let the opportunity pass without commenting on your excellent TV Broadcast, above subject, November 12th., thru November 15th.

Ms. Caroline Avedesian is to be commended for her expertise in presenting the curriculum, providing us with information contributing to help-full services for the aged.

It excels as a worthy program to re-examine our models of health care creating a healing environment. It provided strength, hope, solace, supporting encouragement and assistance to individuals experiencing a multitude of life circumstances. The presentation was a remarkable service to the elderly, as well as an inspiration to caregivers.

The program was most appropriate in timing with the up-coming holidays.

We would welcome a progressive follow-up program.

Thank you very much.

Mr. Freeman,

As a Deputy Sheriff with the Monterey County Sheriff's Department Marijuana Eradication Team for the past 3 years I have had the responsibility for coordinating media raids of marijuana gardens. During this time I have had the opportunity to work with several of your reporters and videographers, and assignment desk personnel. I have found them to be, without exception, thoroughly professional, cooperative and enjoyable to work with.

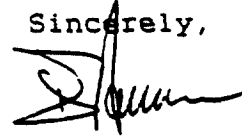

The assignment editors, Richard Siegal and Robert Flores were always very flexible in assigning reporters and camera people and in changing schedules on short notice. The reporters and videographers that I can specifically recall working with include Maleene Osuna, Kevin Tosolini, Heidi Linkenbach, Vince Garrido, Sandya Patel and Ralph Cervantes. They had to put in long days in very inhospitable conditions including heat, extremely rugged terrain, poison oak, possible confrontation with armed suspects and dangerous helicopter rides. Each of the field personnel maintained their good humor and professionalism in the face of these difficult circumstances. All of them managed to keep out of our way while we working, while still being in the action enough to get good footage. It was quite an eye opener for me to see how much work goes into a short spot on the evening news.

The final product they produced was always of high quality. The reporters gave quite accurate, informative stories and the video footage was excellent. Some deputies who were working in undercover positions asked that their faces not be shown on the screen. In addition, the reporters often were told or overheard information that we asked them to keep confidential and off the air. In all of these cases the requests were granted.

I have recently been re-assigned to the Narcotics Investigations Division. Although I no longer have the responsibility for

media liaison I will stress to my supervisors that the local media, and your stations in particular, have been cooperative and can be trusted to do a fair, accurate and professional report without comprising the investigation or getting in the way of our activities.

Sincerely,

Dear Amanda:

Thanks to the Human Race, area non-profits are richer by some \$76,000!

And your support was a vital part in making it possible for the Volunteer Center to present this event to the community,

This was the 15th annual Human Race -- and after two years of downpours, we finally had sun. A perfect day for some 1000 walkers from 106 agencies to come out for a great time and a great cause.

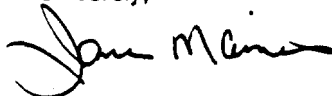

Besides a sunny day, this year's Human Race was remarkable for all the volunteers who helped us stage the event and the increased business support. Business support came in the form of financial underwriting, prize and food donations. All are so important. Though we work hard to keep expenses minimal, there are still bills for t-shirts, pledge forms and marketing materials. The Volunteer Center, as you know, absorbs these costs unless they are underwritten. And every year, we are getting closer to the ideal: a totally underwritten event.

The prizes and food are vital to the spirit of the day. And this year, we had some great ones (as the keeper of the prizes, I found myself solely tempted at times!) We not only had fantastic prizes for the top collectors, but also incentive prizes for those people who collected more than \$500 and those who collected more than \$100 for their favorite non-profit.

For your being a <sup>\$2000</sup> media sponsor, our sincere thanks. The IRS requires that we specify that you received nothing in exchange. But we hope you feel appreciated and good about being a vital part of Monterey County's largest collaborative fundraiser.

Next year's Human Race will be Saturday, May 10. Please mark your calendars - and save a spot for us in your budget!
